

Professional Automatic Quick Sort Canadian Coin Counter, Sorter and Wrapper

Model RC500-CA

Save time and money by using the automatic coin sorter from Royal Sovereign. Specifically designed and manufactured for the Canada market, this unit quickly and accurately counts, sorts and batches Canadian coins into a tray or directly into preformed paper coin wrappers. Simply place your mixed changed into the large top hopper. Operating at a speed of up to 300 coins per minute, the LCD digital display shows the total value counted and quantity by denomination. Use the coin tubes option to sort the coins into Canadian pre-formed coin wrappers making it convenient for bank deposits or coin storage.

Sort into Trays Or Directly Into Coin Wrappers
